

Board Votes To Close McFadden

YOUNG PICKETS form a line to save McFadden School.

A game of Russian Roulette with a school that has been a landmark in Placentia for approximately 50 years, came to an end Monday night with a unanimous vote by trustees of the Placentia Unified School District to close it down.

The board's quick vote with brief discussion followed more than two hours of reasoning by residents of the barrio and other district areas to keep the school open.

More than 20 speakers broached the subjects of saving the barrio school, ending busing and providing neighborhood Kindergarten through sixth grade schools for everyone.

The well-mannered crowd participating, frequently applauding, crammed the board chambers and spilled out both doors of the room.

There were a few youngsters among the crowd, some carrying picket signs at the beginning of the session urging "Help Save Our

School"; "First the School then the Homes"; "All American City With Second Class Citizens Want to Save McFadden."

Also attending the board meeting and presenting petitions were school district parents who wish to have their youngsters attend the new \$3.6 million John O. Tynes Elementary School rather than be bused to schools further away.

The occasion for the hearing was a report from PUSD's Educational Facilities Planning Committee to trustees on its recommendations for boundaries for the Tynes School.

The committee, with chairwoman Barbara Williams introducing, presented three plans for the boundaries, two of which would close McFadden. The closure of the barrio school had been interjected in committee discussions by PUSD staff members, including superintendent of Schools John Tynes.

Mrs. Williams pointed out to trustees that committee delibera-

tions "did not go deeply into the finances of it (the boundary study). Our main attention was on maps and numbers of children in study areas."

"A year ago there was a boundary change at Sierra Vista which I participated in quite a bit...I can see a similarity in this situation...I simply desire that the board consider the human aspect of this."

A committee minority report by David Hardy, representative for Wagner Elementary School, read to trustees, pointed out that "the reason for this report is my concern that all three recommendations are slanted towards the necessity of McFadden School closing."

Hardy's statement then quoted from EFPC meeting minutes of a year ago. "Dave Heil...present principal of McFadden who was recently transferred to Woodsboro...said McFadden is a neighborhood school and the people take pride in it...Dave Heil told the committee that he would not trade McFadden School for any of the new schools."

"Mr. Heil reported that the Orange County Fire Marshal had visited the school as he had all the schools in the district, and was surprised at how well McFadden's buildings were built and how well the equipment operated after so many years. The fire marshal found less wrong with McFadden than in the newer schools."

Rod Jimenez, a long time resident

PLACENTIA POLICE, including Officer Gene Cason, with shot gun, escort television crews into the area of seige, where a lone gunman Monday took over the Bank of America in Yorba Linda. The area was cordoned off for three hours as groups of citizens stood by helplessly.

E. BLAINE SCHOOLCRAFT, A PROFESSIONAL EYES SCHOOL POST.

Schoolcraft, An Educator In Race

With a guarantee that his winning the election would not provide a conflict of interest, E. Blaine Schoolcraft, a Whittier high school teacher who lives in Placentia and whose wife is a fourth grade teacher in the Placentia Unified School District, is seeking a seat on the PUSD board.

"Placentia is fast becoming one of the largest districts in our county and we must meet this growth with sound ideas, unbiased opinions, true understanding and above all have the patience, willingness and ability to work out all problems that might exist, regardless of their size

when we develop in the future," the candidate advises.

"The sole purpose for the existence of a school district is for the purpose of educating our youngsters and I feel that the energies of the school board, teachers and parents should be directed to accomplish this objective."

"Approximately \$28 million is being spent annually by the Placentia Unified School District and I believe that it is important that our 17,000 youngsters are getting the maximum education for each dollar

Continued on Page 11

Candidate Night Wednesday

All candidates for openings on the Placentia Unified School District Board, the Placentia Library Board, and the North Orange County Community College Board of Trustees, have been invited to participate in

a Candidates Night at 7:30 p.m. Wednesday, February 16 at Kraemer Junior High School.

The event is sponsored by the district's PTA council. The public is invited.

Edwin Juel Would Hold Budget Line

"My objective is to hold down the spending program of the library," Edwin Juel, owner of Ed Juel Realty and candidate for the Placentia Library District board of trustees explains.

"I was very perturbed when the assessment base increased an average of 16 per cent in this area, which meant that the library with the same tax rate would have a 16 per cent increase in total dollars, and the rate dropped only 1 1/3 cents."

"At this time all the citizens are saying 'quit raising my taxes'," Juel relates.

"If I'm elected they are going to live with the monies they have right now. There will be no further

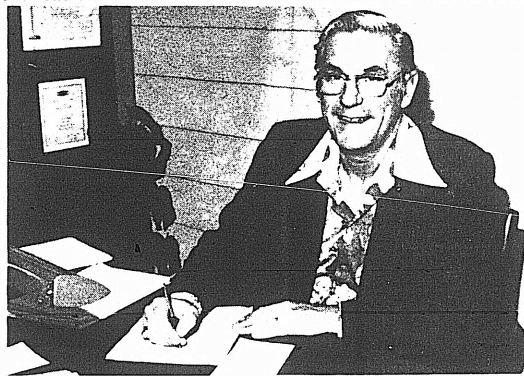

increase and if the assessment increases then the tax rate has to decrease," Juel explains. "I don't know what we can cut out but I'm sure that there have to be some frills somewhere that have to go."

"If every elected official that has any say so, any vote on a tax situation will take that attitude, I think that the uproar will stop."

"Everything that comes up for a vote, whether it be a bond issue or anything that involves spending money, is automatically turned down by the people, and yet elected officials come up with other devious means of getting what they want."

"They're not listening," Juel.

(Continued on Page 2)

EDWIN JUEL WOULD WATCH LIBRARY FINANCES.

City Council Adjusts Budget

With virtually no item by item discussion by members of the Placentia City Council, the group approved mid-year budget revisions involving \$22,659 in expenditures and \$51,683 in surpluses at a recent night meeting.

The items included proposed expenditures of \$5,000 to develop a building in Wagner Park into restrooms and \$3,426 for a new automobile for City Administrator Edwin Powell. The one he has been driving is over two years old and has 40,000 miles on it. It will be traded in for a \$6,826 new vehicle.

Other expenditures included allo-

cations for police equipment and small items in other departments. An increase of \$5,000 in allocations for light and power and \$3,000 for water for use in the parks also was added.

Much of the surplus came from accrued salary funds where there was a lag between a termination and hiring of the replacement. In one case a position was eliminated for a saving of \$12,500. The police department reported a surplus of \$10,000 for intervals between terminations and replacements and a \$8,500 surplus item for park maintenance represented not hiring an additional park employee for the first half of the year.

The unused salary funds added up to roughly \$48,000 of the surplus amount.

Four Years In A Row For JV Hawks

BY BRIAN HILDERBRAND

For the fourth consecutive year, the El Dorado junior varsity basketball team has won the Orange League championship.

Under the coaching of Iran Novick, the Hawk JV's are undefeated in league play, with a 13-0 record. Overall, they are 20-3, and have won 39 consecutive league games.

El Dorado clinched the title with a 59-50 win over Sonora on Friday, and a little help from Esperanza. The Aztecs beat La Habra, 50-49, enabling the Hawks to pull three games ahead of the Highlanders with two games to play. It was the second time Esperanza beat La Habra by one point.

"I'm very grateful to Esperanza," Novick proclaimed after hearing of the outcome.

"We're declaring a cease-fire," Novick joked. "The war is over!"

Final Decision On Bradford House

A comprehensive plan for restoring and maintaining the Bradford House without use of city taxpayer funds, was presented to the city council Tuesday night with expectations of a final decision by the group.

The house has stood vacant for more than two years without a specified use imperiled by a no vote against its public subsidization.

The presentation Tuesday was expected to be made by Placentia Founders Society leaders including first vice president Charles Arnoldt, an administrator in the Placentia Unified School District with particular expertise in the field of the needs of the house.

Written plans presented involved estimates for insurance, maps, possible plot plans for the house and area and a floor plan of the home.

A possible four page agreement between the Founders and the city was offered for perusal. Sub council level meetings have been held in the interim period for discussion between the Founders and a council subcommittee composed of Councilman Donald Holt and Councilwoman Virginia Farmer.

All aspects of the problems of the house have been reviewed, with the decision remaining with the full council body.

The Founders, who are seeking to lease the house for \$1 a year would bring the heritage home back to its top condition using donations and volunteer labor whenever possible. The group will be seeking help from the public in all capacities.

Included in the offered proposal were such items as possible uses

(Continued on Page 2)

City Voted No But Will Receive \$89,618

The city of Placentia is expected to receive \$89,618 as its share of the Neely-Hart State, Urban and Coastal Park Bond Act of 1976 which was narrowly defeated here (51 to 49 per cent) in the November 2, 1976 election but which passed statewide.

The city's allocation can be used for acquisition and or development of projects without providing any matching funds. The state is reported to favor developments that provide immediate results.

Orange County will receive \$6.9 million of the \$280 million allocated statewide by the act. The monies are earmarked for "recreational requirements...by acquiring, developing and restoring real property for state and local park, beach,

recreational and historical resources preservation purposes."

Orange County also will be setting aside \$2 million for regional park projects and it has been indicated that these funds could be made available for multicounty developments such as Tri-City Park. Placentia city staff reports.

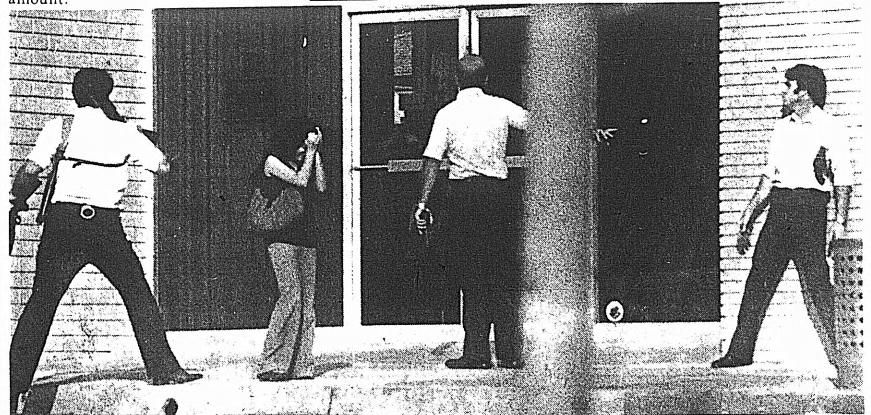

The proposals which go back to the state for collection, channel through the county which must account for approval of 50 per cent of the cities and districts representing 50 per cent of the population of the cities and districts within the county and passage by the County Board of Supervisors before the money can be collected.

Heritage Board Schedules Meeting

An election of officers of the Placentia Heritage Festival Days Committee board of directors, will be held at 8 p.m. Wednesday, February 16, in the Conference Room at Placentia City Hall, outgoing president Peggy Dracoules reported.

The public is invited to attend to make plans for the 1977 celebration, scheduled for October of this year.

The group has voted to engage a carnival for the event and plans are being made for the annual parade, Mrs. Dracoules advised.

TENSION OF THE MOMENT shows on Vickie Payares, wife of the gunman who had barricaded himself inside the Yorba Linda Bank of America, as she approaches the bank to be let inside. She disarmed her husband and he later emerged from the bank with his two hostages. Robert Payares said he did not want money, but wanted his social complaints to be heard.

GERALDINE ADAMSON PRESENTS EXPERTISE IN COLLEGE RACE.

Dr. Adamson States Position

Dr. Geraldine Adamson, who teaches fourth grade at Orchard Elementary School in the Placentia Unified School District and is a part time night supervisor of nurses at Children's Hospital of Orange County in Orange, is seeking the third area seat on the North Orange County Community College District Board of Trustees.

It is her second race for the post for which three candidates are vying in the March 8 election.

Dr. Adamson has a degree in nursing with work at the University of Utah in Salt Lake City and at St. Luke's School of Nursing in Chicago. She also has a certificate as a public health nurse from the University of Washington in Seattle and a BS degree in nursing from the University of Washington.

She holds a teaching credential, kindergarten through grade 12. Her masters degree is from California State University at Fullerton in school administration. She now holds a doctor's degree from Brigham Young University in elementary curriculum, earned by attending courses on a Northridge campus and the campus at Provo, Utah in summer.

She has taught school for 17 years, nine years in Placentia and was assistant principal of Brookhaven Elementary for seven years.

Concerning her campaign for the NOCCD trustee seat, Dr. Adamson, who is a resident of Yorba Linda, explains that she believes the board is badly in need of someone to

represent the educator point of view. "I am curriculum oriented and I think we need a curriculum-oriented person on that board."

"Take a look at the curriculum. Their drop-out rate is fantastic. Their enrollment is decreasing. They are going out and hiring a consultant to reorganize the administrative level of those two campuses (Fullerton and Cypress). On their staff in those faculties they have whole groups of administrative people with masters degrees who could do exactly the same job and not have to pay thousands of dollars to an outside consultant."

"You're always getting reminded of teacher accountability. If you're going to have accountability down, let's have accountability up. If your department heads are going to evaluate the staff then let's have the staff evaluate the department heads."

Dr. Adamson would use teachers to choose their own administrators. "If you can't trust people with masters degrees to use enough sense to know the kind of administrators they want over them, why should the people trust the board of education?"

"The board of education has to hire. They have to make policy decisions. That I agree. You do not make administrative decisions. But you hire the people who do and you need input."

"Maybe there is too much administration. I don't know but it

Continued on Page 11

Edwin Juel

[Continued from Page 1]

who is also an electrical engineer and has an impressive background in electronics, states, "From Washington down to the local level. They're not listening. But it's time they start listening."

"Our elected officials are taxing people right out of their homes. We're not as bad off here as they are in Los Angeles... but we'll catch up. That's my platform. I have no bones to pick with anyone. I have no anger or dissatisfaction with the way the library is being run. But I don't want to see anymore tax increases."

Juel, who has been a resident of Placentia for almost nine years, is 49 and a graduate of the Milwaukee School of Engineering with a BS degree in electrical engineering. He was born in Milwaukee and came to California in 1961.

An employee of General Motors

for a number of years he lived in Florida for a year and a half where he was stationed at Cape Canaveral in the missile program. General Motors brought him to California to work on the Apollo Program and he was in charge of the guidance and navigation laboratories for General Motors at North American Rockwell's facility in Downey.

Juel became a realtor six years ago and two years later formed his own firm. He and his family attend Redeemer Lutheran Church in Placentia. The Juels have three daughters: Carol, Karen and Kim. Juel also is a former director of the Placentia Kiwanis Club.

"I have time to devote to the library board," he reports. "With the kind of business I'm in I can set my own hours. I have free time available to devote to it."

Fast Food Site Produces Instant People

An application to place a Jack-in-the-Box Drive-Through Restaurant in the Sierra Vista Shopping Center, directly across the street from the Sierra Vista Elementary School was expected to fill city council chambers Tuesday night with protesting parents and neighbors.

The project was unanimously denied by members of the city's planning commission. It later was appealed to the city council. City staff is recommending its approval.

S&S Home Inspections To Be Completed

A report to city council by Placentia's Development Services Department Tuesday night outlined that all designated houses in the S and S (Shapell) Placentia Village Estates within 300 feet of the Santa Fe Railroad will have soon been inspected.

The homes in question failed to meet sound limits standards, in violation due to noise and vibrations

The hearing before the planning commission brought out a cross section of the adjoining area with both homeowners and school parents voicing their objections. Thirteen people spoke against the use.

Objections ranged from traffic problems on adjoining streets and inside the shopping center; noise and location of driveways. Most speakers thought the area chosen to be an inappropriate site for a fast food operation.

Arnold Hamala, director of the city's Development Services Department reports that some locomotives running the tracks are still using their whistles which a resolution by the city was supposed to discourage.

Letters To The Editor

Save McFadden School

Subject: McFadden School

Editor:

In your last week's paper, there was an article about closing McFadden School and that the children would be bused to their new schools. I also think that McFadden School shouldn't be closed, because the children from there need it.

I don't see why parents outside of the La Jolla area don't like their children attending McFadden School. Nothing is wrong with it, or is it that most or half of the children are Mexicans. The color of skin

doesn't matter even if it's white, brown or black; what is more important is that the children learn the things they should know and become good citizens when they grow up.

I know that McFadden School is old, but that's why they should rebuild it. They are saying that there isn't money to rebuild it; if it's lack of money then why are they building a new school? If they closed McFadden School then where are the children going to play?

Susan Garcia,
Placentia

Rebuild McFadden

Dear Editor:

I would like to give my opinion on the McFadden School problem. I don't think the members of the School Board should try closing the school. This will leave many students without a school and force

them to travel by bus to attend schools.

So my opinion is that they should rebuild this school and if possible build another elementary school in the La Jolla area.

Sincerely yours,
Violeta Ceja

Candidate Eyes Absurdities

To the Editor:

Ladies and gentlemen of the Placentia Unified School District, is there no end to the almost constant series of absurdities which seem to emanate from one level of government to another?

I would like to draw your attention to a story which was reported on page #3 of the Santa Ana Register for February 9, 1977. It states that the city school officials of Des Moines, Iowa will no longer permit the annual Valentine's Day Daddy-Daughter dinner at Roosevelt High School. The reason given was the fact that certain federal civil rights officials had informed "the school administrators the district was discriminating against male and female students in certain course assignments, intramural sports and extra-curricular activities."

The story goes on to relate the fact that the Daddy-Daughter dinner was not cited as an issue. "But officials are doing away with them just to be on the safe side." My God, how secure the citizens of Des Moines, Iowa must be to know that the educational welfare of their children are in the hands of such COURAGEOUS AND FORTHRIGHT individuals who go out of their way to stand up for principles and commonsense. As a deputy sheriff I'm glad that they're not responsible for law enforcement.

The story goes on to quote a statement from one of the high school principals dealing with all female drill teams being forced to admit males. "I say if males want to be cadets, and if the skirts fit them,

then who's going to turn them down?"

On the glory of such equality from the benevolent hands of the federal bureaucracy. What a wonderful opportunity for boys! Can't you see them all eagerly lining up to be fitted for skirts so they too can be cheerleaders and equal? Has not our sophisticated society now shown us how foolish it is to really believe that Almighty God above ever intended any differences between the sexes and people? But alas, how unenlightened I still am!

These absurdities however lead me to ask another question. I wonder how much federal money the Des Moines, Iowa school district has accepted from the federal government? Like so many local political bodies today, they seem to forget that all federal monies come with strings attached. To get the money, all that one is asked to do is sell one's birthright, independence and soul. The more this kind of easy capitulation occurs, the more the absurd demands of the federal agencies will increase. If the founding fathers could see us now.

If persons or communities wish to have greater benefits and assets for their children and themselves, they must become determined to do it themselves, even if we must do without for a time.

That's my philosophy. Any Comments? Call me at 528-2897.

Stanley Interrante,
Placentia
Candidate, Placentia
Unified School
District Board
of Trustees.

Alarm A Problem

Dear Editor:

Pollution! That seems to be one of the biggest gripes people have, but it seems that the only kind of pollution they're talking about is "air pollution." Just in case nobody else knew, there ARE other kinds of pollution, and noise is one of them.

The particular "noise" pollution I'm talking about is the alarm

system for the Placentia Drug store. The alarm goes off at all hours of the day AND night; staying on for at least a couple of hours before they turn it off. It seems to me that if they could put a man on the moon they could make an alarm system that's half way decent.

Sincerely,
Roberta C. Rodriguez

Serious Side Of Water Shortage

Dear Sir:

I am a former Placentia resident who now lives and goes to school in Chico, California, which is situated 80 miles north of Sacramento. My mother has been sending me copies of the Courier so that I may keep up with what is going on in my hometown. Therefore, I feel it necessary to write and tell you how disappointed I was with your little article concerning Donald Holt's sudden discovery of a water shortage in our state. It made me very sad to hear the jokes and banterings of my former councilman about a subject which is now, in my opinion, the most serious problem that California faces.

The water situation in the northern part of the state is very bad, and unless some rain is forthcoming, will get worse. It is not that there is a lack of water, but that the water here is not for our use; it must be shipped down to L.A. It is not just Marin County's problem, because the more water that the Los Angeles area uses up, the less that northern California, and eventually everyone, will have.

I agree completely with your decision to encourage water conservation, but I feel that your tasteless jokes regarding the situation offset whatever good you have done. If these council-people think that "showing together" is so humorous and that toilet flushing is so "clearly described", I wish they would remember that when the situation in Southern California gets bad enough for people to shower together, by that time, Northern California's situation will be much worse, because we are losing our water to you.

Water, obviously, is our lives.

Without water, nothing will grow and thrive, including us. Please tell these councilpeople that water is not a local problem; it is statewide, and what the people of Placentia do concerning the shortage will eventually affect the people of Chico. There is nothing even remotely funny regarding this drought, and I wish these "upstanding citizens" will remember that if we play games with our resources, we will be the losers.

Sincerely,
Cristine A. Smith
CSU, Chico student
[Editor's Note: the tone of the article was the Couriers. All five city councilpeople, in our opinion, take the water shortage very seriously].

Thanks From Big Sisters

Betty Mead, Editor
Placentia Courier

Dear Betty:

We are writing to thank you for giving recognition to Big Sisters by way of the very good articles that have been appearing in the Placentia Courier. We have been receiving a favorable response because of this and we want to express our gratitude for doing such a nice job on our behalf.

We wish to express our best wishes to your staff at the Placentia Courier for a very Merry Christmas and Happy New Year.

Sincerely,
Virginia Coupe, Director
Santa Ana

City Scene

SPECIAL OC-CASION - And who is the pretty young miss with the balloon? Any one knowing her name, the event and where she is, call 528-2525 for a \$5 Courier merchandise prize. Last week's winner was Sandy Brusa, Placentia, who received her \$5 check to spend at Sav-On. She identified Michelle Silva and mother Helen at the Presbyterian Community Nursery School, Placentia.

Kettle Of Fish Not City Dish

An application to locate a Delaney's Kettle of Fish Restaurant between the Placentia Post Office and the Century Federal Savings and Loan in Placentia was denied Tuesday night by the Placentia Planning Commission in a 6-0 vote.

Principal problem with the petition, commissioners stated, was the high traffic rate on surrounding streets and possible on site parking problems around the restaurant.

The location is north of Morse Avenue adjoining Kraemer Boulevard.

Robert Johnson, Newport Beach, owner of the property, said that he believed it would be an appropriate site for the restaurant, which it was pointed out would be especially busy on Friday afternoons. Operating hours were expected to be from 11 a.m. to 10 p.m. seven days a week.

Development plans showed eleven parking spaces less than the 93 required for the restaurant. It was estimated that 90 percent of the restaurant's trade would be on site eating and 10 percent takeout.

The city's Commercial and Industrial Commission had voted against the use and staff members also recommended denial.

Johnson reported that he has had calls from every variety of food place seeking to locate on the property.

Also proposed as part of the plans was an outdoor patio which would encroach into the required 15 foot landscaping adjacent to Kraemer Boulevard. Umbrellas would be required for additional shading.

The city staff report added that the location of the patio might encourage customers to park in the post office parking lot already a problem area.

Committee Looks At Woodsboro

Attendance boundaries for the new Woodsboro Elementary School which will open in the Placentia Unified School District in September is on the agenda for the district's Educational Facilities Planning Committee (EFPC) meeting at 7:30 p.m. Thursday, February 17.

Members of the committee are appointed by the board of education to study educational housing and

make recommendations to trustees. The meeting will be held in the district board room, 1301 E. Orangeflower Ave.

Woodsboro Elementary will house kindergarten through sixth grade students in the fast-growing southeastern portion of the district east of Imperial Highway and south of Esperanza Road in Anaheim.

All meetings of the EFPC are open to the public.

Callender Addition Approved

Permission has been granted by the Placentia Planning Commission for an extension of a patio and kitchen workroom for the Marie Callender Restaurant in the city's Town Center.

The patio will be built on the eastern wall of the eating

establishment and the inside room will contain a pie preparation area and storage space.

Vote by the commission was 5 to 1 with Dr. David Margolis dissenting and Commissioner Ronald Askew absent.

Bradford House

[Continued from Page 1]

(classes, exhibits, nonprofit offices, meeting space and a caretaker apartment) and any other appropriate cultural or educational pursuit.

Plans for meeting various code requirements are listed to make the house acceptable for the public to use. It is anticipated that there would be more use of the first floor than the second, which would possibly be restricted to limited use because of code requirements.

If the proposal is accepted, the Founders Society would be responsible for only the park grounds immediately around the house, approximately eight feet. The rest of the property would be developed and maintained as a planned park by the city of Placentia.

Immediate care would be given to the cosmetics and outside of the house to improve its appearance. Multiple requests have been received by the Founders to paint the house a different color and to as quickly as possible, erase its outside damage.

Other plans call for extensive security measures to immediately make the home as burglar and vandalism proof as possible. Included in the plans is an intrusion alarm system.

It is anticipated, if the proposal is accepted, that arrangements would be made for a live-in couple to occupy the home, reducing the cost of the insurance and providing routine inside cleaning by use of their services.

Concerning parking in the park, maps in the packet outline how parking could be arranged at either the east or west end of Bradford Park when it is developed.

Included in the nine-page Founders Society packet is an accounting of monies, with projected income and expenses through 1979 including cash and pledges now on hand of \$3,585.

Also to have been considered by the council Tuesday night were several bids received by city council for the possible demolition of the

home which was built by Albert S. Bradford, the founder of the city of Placentia.

The house if located on old Palm Drive between Kraemer Boulevard and Bradford Avenue, in Placentia.

Diabetes Seminar

The Fourth Annual American Diabetes Association (ADA), Southern California Affiliate, Public Seminar on Diabetes will be held on February 19, at the Sheraton-Anaheim Hotel, Anaheim.

This one day seminar, which begins at 8:30 a.m. and will end at 5 p.m., offers diabetics, their families, and the general public an outstanding opportunity to learn more

about diabetes. A registration fee of \$5 per person, \$10 per family, and \$1 for Medi-Cal recipients covers the cost of multiple morning and afternoon "break-out" sessions featuring guest speakers on various topics.

Please call the Orange County Field Office of the ADA at (714) 639-4912 for registration blanks or further information.

Solar Energy Course

What is solar energy all about? How can you as a homeowner or business operator benefit from solar energy? What is involved in "hooking up" to solar energy?

These are the types of topics to be discussed—and hopefully among questions to be answered—during an eight-week "Survey of Solar Energy" course being offered by Fullerton College, effective March 2.

With Fullerton consulting engineer Cliff Buchanan at the helm, this special one-unit college credit class will meet Wednesdays from 6:30 to 8:30 p.m. at El Dorado High School, Placentia.

A registered engineer for 20 years, Buchanan, a Placentia resident, has

been in the consulting business for the past few years. He also is a member of the Habitat Group, a solar energy organization which prepared a solar home design concept that was selected for a Housing and Urban Development grant.

"Short course" registration will be accepted prior to the first class sessions in the Fullerton College Admissions and Records Office.

T-Masters

The members of the Yorba Linda Placentia Toastmasters Club #3425 enjoyed another regular dinner meeting at the Alta Vista Country Club.

John Meursing, president, presided, while Mo Graham served as Table Topics Master, Mary Grudem as Toastmaster, and Mike Lackner as General Evaluator. Guests for the evening were Marianne Hodgkins, Barbara Brotherton, and George Witzel.

Best Table Topics trophy was awarded to Rich Wall, best evaluator trophy was won by Jerry Leff, and Paul MacCutcheon received the

best speaker trophy. The Bone Award was taken home by Meursing.

Men and women interested in improving their communication skills are always welcome. For information call 528-8641.

Booksellers Caravan

The 1977 Seminar/Tradeshow Caravan, created and sponsored by Christian Booksellers Association of Colorado Springs, Colorado will come to Anaheim, February 21-23.

Drawing an expected 500 owners, managers and employees of Christian bookstores the three-day seminar will provide educational seminars, an exhibit represented by 69 publishers suppliers and a special evening banquet with guest speaker author Gene Getz and artists, Jodi and Lynn Mann.

The purpose of the Caravan is to help booksellers become more skillful and professional in their businesses and to give opportunity for direct contact and buying with their suppliers.

The Christian Booksellers Association is a trade association which has over 2,300 stores in its membership.

'Staircase' at Yorba

"Hi Teach" are the first words to greet the attractive Sylvia Barrett. This is the moment for which she's worked so hard—her first day of teaching.

There's a special happiness in walking into the still empty classroom and, for the first time, writing her name on the blackboard.

"Up the Down Staircase" is the second production of the year at Yorba Jr. High School. The play has been described as "the kind of funny that hurts".

The show will be presented February 17, 18, 19 at 7:30 p.m. in the multipurpose room at Yorba Jr. High School on Fairmont Blvd.

Tickets are \$1.50 for adults \$1.25 for students and \$1 for students with A.S.B. cards. Tickets will be sold at the door.

Apartment Complex Denied

An 130-unit garden apartment project, which has been under discussion for some time, was denied Tuesday night by the Placentia Planning Commission on a split vote.

Commissioners concerned about the project's "tenement" appearance and parking arrangements voted four against, one in favor, one abstaining and one absent.

The development, a project of Bergum Construction of Fullerton, was scheduled for the northeast corner of Placentia Avenue and Santa Fe Street and was planned to operate in a lower rent category.

The apartments were planned for an area of 5.7 acres across the street from an approved nine acres of quadruplexes still to be built.

The site also is impacted from noise from the Santa Fe Railroad and the Orange

Freeway. The plan projected was for one and two story buildings with one and two bedroom units. The overall density was almost 23 units to an acre. Included in the plans were a swimming pool and recreation area.

Staff had recommended that the project be denied.

Free Movies On Cowboys At Library

Two films on cowboys and Indians will be shown on February 19 as part of the Placentia Library District's Young People's Film and Lecture Series.

"American Cowboy" depicts a visit to a ranch in Colorado complete with a rodeo, a cattle drive to summer pasture and a winter feeding in a raging blizzard.

"Tahtonka" relates the

history of the Plains Indians and their Buffalo culture, the hide hunters and the dissemination of the mighty herds. The ghost dance craze and the massacre at Wounded Knee are reviewed.

The screening begins at 2 o'clock in the library's meeting room and all interested young people are welcome. There is no admission charge.

Candidate Will Speak

James Ellstrom, candidate for a seat on the board of trustees of the Placentia Unified School District, said this week that he is accepting calls for speaking engagements from district clubs and organizations.

Anyone who wishes him to speak may call his mother, Kathleen, who is serving as his appointments

secretary at 528-1047.

Nixon PTA Carnival Workshops

Richard Nixon Parent-Teacher Association has announced plans for their annual carnival to be held, Saturday April 31, at the school. A western theme is planned for this year.

The carnival will feature games and food booths. The Sky Scrapers Parachute team will be back and there will be a country store. Workshops will be held to make craft items for the

country store.

Following is a list of workshops to be held.

Spoon Painting-February 17 at 7:30 p.m.

Flower Pot Modge Podge-February 23 at 7:30 p.m.

Macrame-February 28 at 7:30 p.m.

Sewing Crafts and Bread

Dough-March 3 at 7:30 p.m.

The P.T.A. has asked all interested persons to please call 528-3788 in advance of each workshop as materials must be prepared for each workshop.

Items needed to complete craft projects at the country store are: Jute, felt, cotton bias tape, yarn, rug yarn,

polyfill, ribbon, lace, cotton material, 2 and 4 inch clay pots, cinnamon sticks, cloves, allspice, children's scissors and crayon box of eight, (primary colors).

Retirement Plans

Tax-deferred Keogh Plan

A self-employed individual may deposit 15% of his or her annual income (\$7500 maximum) in a Keogh plan. Both money contributed for yourself and for employees is tax-deductible, as is the interest it earns. After retirement you're taxed at a much lower rate as you use the money. Perpetual pays the Trustee fees.

Individual Retirement Account

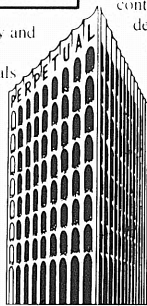

Start your own Individual Retirement Account if you're not already in one. Contribute up to 15% of your annual income (\$1500 maximum) in one payment or regular installments. The money contributed and the interest it earns are tax deductible until you use the money. Perpetual pays the Trustee fees.

Highest Allowable Interest

Annual Rate	Annual Yield	Terms
5 1/4%	5.39%	regular pass-book account
5 3/4%*	5.92%	minimum 90 day account
6 1/2%*	6.72%	1 year, \$1,000 or more
6 3/4%*	6.98%	2 1/2 year term account
7 1/2%*	7.79%	4 years, \$1,000 or more
7 3/4%*	8.06%	6 years, \$1,000 or more

*With interest compounded daily and maintained for one year.

**By Federal law, early withdrawals on term accounts are subject to substantial interest penalties.

Aztecs Stun Hawks

by Pete Bourke

Esperanza's varsity basketball team hasn't had many high spots this season but the one that will surely shine above all others is last week's upset of then league leading El Dorado.

And, for once it wasn't even a close contest. The Aztecs, aided by poor El Dorado shooting were dominant throughout the majority of the game.

Following a sloppy first quarter, which saw Esperanza go out to a narrow two point lead, the Aztecs outplayed and outscored their opponents and went to the locker room at the midway mark with a somewhat comfortable 30-16 lead.

Esperanza never relinquished the advantage and went on to outscore the Hawks by eight points in the second half en route to a 61-39 victory.

The win was the Aztecs' second in league play this year and was paced by senior Brad DeHart's 15 points, 10 rebounds and 7 assists. Rick Buchanan added 16 points and 11 rebounds for the victors while Jim Teahan totaled 14 points.

It was the first time Esperanza's basketball team had ever beaten El Dorado in league in their three years of Orange League play.

In Esperanza's last league contest, they again went back to their losing ways, this time falling to a powerful La Habra Highlander team. The Aztecs were down by just three points at the half but couldn't stay close and fell by a 58-34 margin.

Highlander center Ted Whittington did most of the damage to the Aztecs,

scoring 23 points while teammate Chuck Fitzgerald came on strong in the second half to score 14 points.

The key factor in the game was free throws, with the Aztecs converting just one charity shot while La Habra made 16 of theirs. Buchanan and DeHart led Aztec scorers in the losing effort scoring 12 points a piece.

Friday's finale with Sonora will tip off at 7:30.

Tigers Win At Soccer

by Coleen Cole

In a Thursday afternoon match with Rancho Alamitos, the Valencia varsity soccer team defeated the Vaqueros, 3-1.

Scoring the goals for the Tigers were Phil Cherne, Padillo Jacinto, and Yayo Montezuma. Player Kirk Slem was put out of the game for fighting.

Last night, the Tigers faced Fullerton in a match under the lights, but final results were not available at press time.

Thursday, Valencia has a home match at Bradford Stadium, with varsity scheduled to start at 3 p.m. and junior varsity at 4:30.

Thursday, Valencia has a home match at Bradford Stadium, with varsity scheduled to start at 3 p.m. and junior varsity at 4:30.

LL Signups Continue

Placentia Little League will continue its registration with Seniors signing up on Saturday, February 19 on the Valencia High School Junior Varsity Field from 9 a.m. until noon.

The Seniors include players 12 through 18. On the same Saturday, Little Leaguers 8 to 12, both East and West divisions will sign up at Tuffree Field from 8 a.m. until noon.

Players must bring a birth certificate if new to the league and must bring a parent.

Players ages 9 through 12 will try out at the time of registration and should have their cleats and glove with them, the league advises.

Swimmers Place In AAU Meet

Two Swim Team of Placentia swimmers placed in their events at an AAU "AA" meet held in Mission Viejo.

Michael Tillman came home with sixth place in the 7 and 8 year old 50 yard breaststroke with a 46.8.

Sandra Oberle in the 11 and 12 year old girls competition took sixth place in her 50 yard breaststroke with a time of 36.46.

Girl Scouts Challenge Councilpeople

Girl Scout Cadette Troop #504 of Placentia, has challenged the city's councilmen and lady to a duel. The weapons will be basketballs.

In an effort to raise funds, the girls suggest that the council, or substitutes of their choosing, cross baskets with them in a basketball game on the night of March 12 at 7:30 p.m. in the El Dorado Gym. Councilmembers were expected to give their answer Tuesday night.

Apartments Approved

Unanimous approval was given by the Placentia Planning Commission Tuesday night to Michael L. Garcia, Santa Ana, for development of an 8-unit apartment complex on the southeast corner of Center Street and Walnut Avenue, Placentia.

The apartments will be in two buildings separated by a 22-foot courtyard. Each unit is two-story.

Wrestling Sectionals

League qualifiers will assemble at four sectional sites throughout the Southern Section on Saturday, February 19th to determine who will move on to the CIF Southern Section Championships to be held at Fountain Valley High on Saturday, February 26th.

From each of the sectional meets, four wrestlers in each weight class will advance to the champion-

ships. The top five in each weight class in the championship meet will then advance to the State Wrestling Championships to be held on March 4th and 5th.

The State Tournament will be hosted by the Sac-Joaquin Section in Northern California. Selected as the site is American River College located in the Sacramento area.

The number of entries for

each league, as in the past, are determined on the basis of the number of competitors from that league who qualified for and scored in the 1976 wrestling finals.

The Freeway League, with two entries and the Orange League with three, will compete on February 19 at Cypress College. Other leagues in this sectional are: Century, Empire, Garden Grove, South Coast and Sunset.

Weigh-ins are from 7 to 9 a.m. and the meet will start at 10. Admission price is

\$1.50 for adults and \$1 for high school students and children.

Valencia Sponsors Car Rally

The senior class of Valencia High has announced they will sponsor a Car Rally on Saturday, February 19th starting at 7 p.m.

The rally will be based on traffic knowledge and driver skill rather than a race for speed. Taking place within the confines of Orange County, the rally will have several checkpoints along the way to the final destination.

Entry fees will be \$1.50 per car, 75 cents per navigator and 50 cents per

additional passenger. Cash prizes will be awarded for first, second and third places.

The rally will organize at the front parking lot at Valencia High starting at 7 p.m.

A gathering will take place at the final destination. Food will be provided.

Tigerfish Make Waves

by Maureen Rudolph

The Valencia High School swimming team record after three meets stands at two wins and one loss.

Last week the Tiger swimmers defeated Orange 108 to 63. Again leading the way for the Tigerfish were Ray Borzone, Steve Valdez, Dave Thow, Karl Reiter, and freshman Chad Nichols all scoring impressive wins.

A pleasant surprise this season has been the development of the divers under the outstanding coaching of Bob Fullmer. Freshman Greg Davis is undefeated in diving so far this year. Also doing outstanding jobs on the boards, and showing great improvement, are three other freshman Mark Buxbaum, Hans Borg and Stacy Rudolph.

Coach Tom Grimm and his Tigerfish travel to Santiago High School for a meet Friday, February 18, at 3 p.m., and will host their cross-town rival El Dorado High School in a meet Wednesday, February 23, at 2:45 p.m.

Hawks Hit A Tail Wind

by Brian Hilderbrand

"For the times they are a-changin'..."

Bob Dylan

Indeed they are—as far as El Dorado is concerned.

In just three short weeks, the Golden Hawk varsity basketball team has dropped from first place (where they held a two game lead) to third, two games behind league-leading La Habra.

The Hawks came about this downfall by losing four of their last six games. Three of those defeats have come in a row. After ED's 75-61 loss to Valencia, the Hawks have suffered a 61-39 upset by Esperanza, and a 64-50 beating by the Sonora Raiders.

El Dorado's succession of losses has lowered their league record to 8-4, while their season mark fell to 14-9. Once on top of the Orange League, looking forward to CIF, the Hawks are now fighting for a playoff berth as the third place team.

Against Esperanza, El Dorado played their worst ball of the campaign, shooting 28 per cent from the field (16 for 57). The Aztecs, on the other hand, shot 49 per cent from the floor (24 for 49).

The Hawks also had trouble converting free throws, hitting only seven of 17 attempts (41 per cent). Esperanza, however, took advantage of their charity

tosses, connecting on 13 of 18 attempts (72 per cent). Esperanza took the lead at the end of the first period, 8-6, after Aztec center Rick Buchanan sank a pair of free throws with 1:56 left. Neither team scored for the remainder of the stanza.

In the second quarter, the Aztecs ran off 20 points to the Hawks' one, as Esperanza took a commanding 28-7 lead.

El Dorado came back with baskets from Steve Peacock and Jim Babcock, but the Hawks still trailed 11-28 with 1:57 left to play in the half.

Brad DeHart countered with a jump shot to put the

Aztecs up 30-11. Esperanza got the ball back and went into a passing offense to slow down the pace of the game. El Dorado, determined not to give up without a fight, forced two turnovers.

Peacock capitalized on the first of the Aztecs' blunders, hitting a jump shot with 1:23 left in the half.

El Dorado Pins Wrestling

by Brian Hilderbrand

El Dorado, the league's dual meet champion, took the team championship at the Orange League Finals held Saturday in El Dorado's gym.

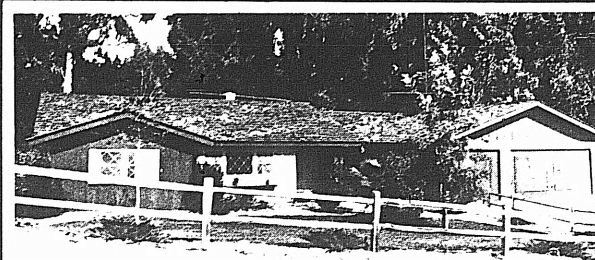

As a result, nine Golden Hawk wrestlers qualified for the CIF regionals to be held Saturday at Cypress

College. Those nine from El Dorado were: Kerry, Kevin and Keith Iwanaga, Mark Rickard, Bill Weiskopf, Jeff Hickok, Nick Stephens, Brad Hoskins and Scot Speck.

Coach Frank Gonzales' defending CIF champions won the dual meet title with a perfect 7-0 record. Four El

Dorado wrestlers finished the campaign undefeated: Kerry, Kevin and Keith Iwanaga, and Scot Speck.

Handicapped Class At Church

The religious education program for retarded and handicapped children and adults of the community. The program is open to persons of all ages and all religious affiliations. Classes will be taught on a one teacher-one person basis and the program adapted to the individual needs of each person.

Methodist Concert

As part of its fourth California concert tour, "The United Sound," a 45 member choral-instrumental-dramatic ensemble from the United Theological Seminary, Dayton, Ohio, will present a Concert of Celebration in the United Methodist Church of Yorba Linda on Friday, February 18th at 7:30 p.m. The church is located at 19002 Yorba Linda Boulevard, Yorba Linda.

The United Sound, directed by Aaron M. Sheaffer, has a distinguished history having traveled throughout the United States and to Europe twice. Each concert is selected from a repertoire which includes folk, classics, hymns, rock, chant, electronic music, and drama.

In addition to voices, The United Sound includes English handbells, electric and acoustic guitars, bass, percussion, brass, flute, recorder, piano, organ, and even a clown minister.

This concert is open to the public and the Rev. Dean Humbert, pastor of the host church extends a special invitation to all in the community.

On Saturday, February 26th, a special mass will be celebrated for retarded and handicapped children and adults at 2 p.m. in the school library. The special education teachers will be available after mass from 3 p.m. to 4 p.m. to answer questions regarding the program.

Womens Group Prepares For Rummage Sale

The ladies of St. Joseph Women's Council are preparing for their annual rummage sale to be held March 3, 4, 5 in the Parish Hall at 717 N. Bradford in Placentia from 9 a.m. to 5 p.m. all three days.

A bake goods sale will be included.

We invite all interested persons in the community to be with us on February 26th or to call the religious education office at 993-0830, Monday through Thursday, from 9 a.m. to 1 p.m., for more information.

Comments from Calvary by Dr. R.W. Cunningham

DO I HAVE TO ATTEND CHURCH TO BE SAVED?

Does that sound like a genuine believer talking? Is going to church really that bad? Is it boring and a chore to go? If it is, there is probably one of two things wrong. Either something is lacking in the church you attend or something is lacking in your spiritual life? Does the church really teach the Bible as it relates to 1977? Is the Bible taught so that people can understand it? If it is and you do not enjoy and profit by it, then the blame lies with you. Perhaps you have not been born again. (The natural man cannot understand spiritual things. 1 Corinthians 2:14). Why don't you attend a church that preaches the Bible as it is for men as they are and check your spiritual condition? It could mean the difference between heaven and hell.

ARE YOU INTERESTED IN YOUR CHILDREN'S FUTURE? I'm quite sure you are. WE PROMISE to help them in a positive way if you bring them to CALVARY BAPTIST CHURCH.

MISS KAREN MARIE KINAN, daughter of Mr. and Mrs. Albert Kinan, Yorba Linda, was one of 35 lovely debutantes presented at the Sweetheart Ball at the Century Plaza Hotel, Los Angeles, on February 20. The event was sponsored by St. Nicholas Orthodox Cathedral Ladies' Society of Los Angeles. Miss Kinan attends Troy High, is an Honor Roll student and swim team member. Her hobbies are piano and sewing.

M-A Society

Western State University College of Law of Orange County Professor Priscilla C. Kraetzer of Placentia and Santa Ana attorney Marc S. Tovstein, who also is a member of WSU's adjunct faculty, will address the February 19 meeting of the Placentia-Yorba Linda Music Arts Society.

The luncheon begins at 11:30 a.m., and will be held at the Placentia branch office of Fullerton Savings & Loan Association, 1204 E. Yorba Linda Blvd.

The speakers will discuss "What Every Woman Should Know About the Law."

Czechoslovakian Program

Broln, the exciting Czechoslovakian Folk Company, is coming to Fullerton College's popular Artist-Lecture Series—but the "home base" will be the Valencia High School Auditorium, Placentia.

Bresnky Rozhlosov Orchestre Lidovych Nastroju (Broln) performs at 8 p.m. March 12 (Saturday) in a program that includes all 35 singers, dancers and musicians.

The permanent folk company of the Czech

Province of Moravia, based in the historic capital of Brno, is offering a scintillating program of folk dance and song as part of its spectacular 35 city North American tour.

BROLN's program is presented in the brilliant regional costumes of Southern Czechoslovakia, with a display of virtuosity whirling through two hours of endless variety and vitality.

Tickets for any Artist-Lecture Series presentation are priced at \$3.50 for

adults and \$2 for students and senior citizens. They are available through the Campus Bursar's Office, at the concert site on the night of the appearance only and the Anaheim Arts Council Box Office in the Anaheim Plaza, near See's.

Reaching Out In Shalom

The Redeemer Lutheran Church women will present "Reaching Out In Shalom" at a general meeting on Thursday, February 17 at 7:30 p.m. at the church.

Guest speakers will be the Hidalgo Family who will present in word and song their full time mission to the Jewish people and how they reach out with their talents and time.

Refreshments will be served and babysitting is available.

Tuffree To Present Honor Award

The Tuffree Junior High School Parent-Teacher Association will meet on February 22, at 7:15 p.m. in the multi-purpose room at Tuffree Junior High School. An honorary service award will be presented that night to an individual in the community who has given outstanding service to children and youth. Past

PTA presidents and past honorary service award winners will be honored that evening.

Following the meeting there will be a Patriotic music program performed by the students under the direction of Marylou Dunn, music and drama teacher and Donald Zink, instrumental teacher.

Otis Crooks Honored

Otis Crooks of Placentia, a member of the UCI Medical Center Auxiliary, has been named volunteer of the year by the Volunteer Action Bureau of North Orange County.

He received the Carnation Award at a luncheon ceremony at the Carter Bowl in Fullerton.

Known as the "Book Man" at the medical center, Crooks collects and distributes reading material to patients throughout the hospital, making a special effort to provide books and magazines printed in the language of the individual patients.

Crooks started his

UCIMC volunteer career six and one-half years ago, working one day a week. He is now at the hospital at least three days a week and as of February 1 had accumulated 6,222 volunteer hours.

His day often starts as early as 4 a.m. and involves collecting magazines from the post office, copies which are undeliverable because the addressee has moved and left no forwarding address. He also collects paperback books from bookstores and from local residents who wish to donate them for medical center patients.

Needle Arts Guild

The Needle Arts Guild will hold its first regular meeting Monday, February 21 at 7:30 p.m. The Guild will meet at Rose Drive Friends Church located at Rose Drive and Bastanchury in Yorba Linda.

Needleweaving will be the subject of the speaker and teacher, Sheila Del Real. Many of Mrs. Del Real's own original creations will be on display. Mrs. Del Real has been a teacher in the Fullerton Elementary School District for several years.

She has taught needleweaving in private classes and is currently working for the Children's League in Fullerton teaching weaving in Fullerton Elementary Schools.

A list of materials is available which will be needed in order to participate in the basics that Mrs. Del Real will teach.

The March meeting will feature patchwork and quilting. The speaker will be Joyce Levine, a quilting teacher in the Tustin Adult Education School.

Serving as officers of the new organization are: President, Audrey McKay;

Treasurer, Melody Smith; Recording Secretary, Susan Corbett; Corresponding Secretary, Jan Loomer; Hospitality, Mary Reesman and Connie White.

The guild meetings will offer exposure to the various textile, fiber, and needle arts. Workshops will be offered for instruction of those interested in learning techniques of particular arts.

The Guild membership is open and interested women are welcome. For additional information call 528-0244.

Mr. & Mrs. Sam De Lucca, Mr. Prospect, Ill., spent a week warming up in California with their son Michael and his family.

Landscaping Plans OKed

Approval was given Tuesday night for the landscaping plans of a 37 unit planned development on the southeast corner of Mariposa and Highland Avenues in the city of Placentia.

The property is owned by architect H.C. Tan. The condominiums average between 5 and 6 units to an acre on hilly terrain.

Indian Guides Breakfast

The YMCA Indian Guides will hold their second annual Pancake Breakfast between 8 a.m. and 11:30 a.m. Saturday, February 19 in the Placentia Town Center Shopping center.

The public is invited to participate. Breakfast is \$1.50 for adults and \$1 a child. Members of the Y's Men will cook.

A Pinewood Derby will be conducted at the same time. There are 180 boys in the group.

[Continued from Page 1]

of the La Jolla area where the McFadden School is located, identified himself as the chairman of the Citizens For the Preservation of the McFadden School, presented the board with a petition with 351 signatures against closing the school and another petition of 25 from outside the barrio.

"One way busing is not fair to us," Jimenez pointed out to board members. "Closing the school will necessitate the busing of all our children. A child will be required to be bused for 13 years."

"The McFadden School adds identity to the neighborhood," Jimenez continued. "It provides not only educational schooling for the children but a social and recreational facility for the residents."

"The importance of McFadden School is more than just a school. You would have to be a resident to really feel and understand and be sensitive to this need of the people of the community."

Jimenez described the area as one with moderate housing, "coupled with the freeway that bisects the community in two, and incompatible zoning that virtually surrounds the area, leads to depreciation in values. By closing McFadden School still another depreciating blow will be given to the neighborhood. The recreational facilities would be lost."

Jimenez pointed out that although Valencia High School and Kraemer Junior High School are old schools the board has decided to renovate them rather than close them. "The rationale should apply also to the

McFadden To Close

McFadden School.

"It appears to us that monies from the Alpha Project (from which PUSD is receiving more than \$8 million) should also be spent on the McFadden School as children from the Anaheim area attend the McFadden School."

"The declining enrollment, if this is really the case, how can a new school be justified when there appears to be a decline of students in the area."

Among other speakers was Dr. Sheldon Maram of the Orange County Human Relations Commission who pointed out that McFadden's status has been changed every year. "The tensions in the community mount by the consequence of this."

Dr. Maram urged that the decision on McFadden should be made after the community is consulted. "The whole community should be satisfied with it."

One mother pointed out that she was concerned about the closing of McFadden "and busing the children some place else. I have talked to my children about it and I know how they feel about it and the other kids in the neighborhood. They don't like it and neither do I."

Other speakers outlined that the area would lose its playing fields and gymnasium when the school is closed.

Another speaker added "If you close McFadden that is one price that is going to be paid for a lot of years to come."

Mentioned in the board discussion was \$100,000 for portables for

Rio Vista Elementary School in Anaheim, the teamed school with McFadden. No figure was given on moving a portable from the McFadden campus to Rio Vista, sometimes estimated as a \$25,000 venture.

Trustee Jean Pappas, leading the board discussion, made a motion that the trustees accept the EFPC report, noting that it emphasized plan two, which recommended McFadden be closed. Dr. William Yates seconded the motion. The vote in favor was unanimous.

A recommendation from John Tynes, superintendent of schools, to the board stated that over \$200,000 have been spent to try to make McFadden attractive and provide a good learning environment.

It was further suggested that the schools are losing \$501,570 in average daily attendance (ADA) funds because enrollment has dropped at the school.

"To the people who have criticized the staff's recommendation on the closing of McFadden School while opening another school, I would only like to point out the staff's opinion that by using the \$644,570 which we think is very conservative, we could pay for the entire Tynes School in a period of five years," the report alleges.

Included in the recommendation was that the McFadden property be appraised and that the district contact the City of Placentia regarding the recreational facilities at McFadden "and that the district explore all means in the disposal of this property to insure a community center for the people of the McFadden area."

Schoolcraft Discusses Platform

[Continued from Page 1]

spent. I feel that this can only be done by cooperative effort based on mutual trust, mutual respect from the members of the board and the teachers.

"One group must not attempt to manipulate the other to fulfill its own selfish desires. We need a working board whose members are knowledgeable and experienced in all levels of their responsibilities in order to make sound, effective and decisive decisions and who are dedicated to represent all the citizens in our community."

Schoolcraft who has taught at Santa Fe High School in Whittier for 18 years, was born on a farm near Waverly, Kansas. He has attended Pacific College in Azusa, the Washburn Law School in Topeka, Kansas and has bachelors and masters degrees in school administration from Emporia State University in Emporia, Kansas.

The candidate also is an investment broker with Walker and Lee in Anaheim and is currently organizing his own investment company.

"Some of my concerns," Schoolcraft continues, "are a maximum education for all levels of student abilities. I sincerely feel that it is the responsibility of the board, the elected representatives of all the citizens in our district, to provide an education program in which every youngster has an opportunity to get an education to the maximum of his ability."

"We have special programs and special funding for those with higher ability and for people of lower ability. But the average student sometimes suffers and this must not happen."

"I feel a more efficient use of the present tax dollar is important and that we should take a closer look at our present expenditures and make sure that the money that we are spending is actually accomplishing our educational objectives."

"Let's not just take opinion, let's get the facts about the effectiveness of our programs such as the high salaries and other costs we are paying for support services. Are they as beneficial in educating our youngsters as perhaps lower class sizes would be? Should these monies be spent in getting more classroom teachers?"

"Another: is the amount of money

the district is receiving from state and federal sources for experimental programs actually improving our educational system? Or is it interrupting our present proven programs? If so, is the amount we are getting worth it?"

"Is the money we are allotting for travel by persons to conferences a wise expenditure? Might it be better spent in instructional materials and supplies?"

"Are we spending more money and administrative costs for the benefit of the educational system and should this money possibly be better spent in again lower classroom sizes and teachers supplies?"

"In order to truly have teacher accountability, there must not only be realistic goals but also realistic class sizes, adequate support services, materials and time to do the job and assurance that teachers' energies are not redirected to tasks of lesser importance."

"I believe that comparative examinations should be used to fill administrative vacancies. Furthermore I sincerely believe that if we have a realistic, positive, honestly administered comparative examination, this will encourage applications from high caliber personnel."

"We are paying good salaries for these jobs. Let's get the best for our money. After all, the civil service has done this for years."

"I would like to see us get some far reaching plans from professional surveys so that we can plan ahead and make our school boundaries as permanent as possible."

"The amount of education the youngster receives or the effectiveness of this education, will determine what kind of citizen he's going to be. I'd much rather educate one in a positive way than to have to deal with the social problems that he will create later on in life. After all, taxes are taxes regardless of which pocket they come from. They all must be spent."

"I have personally experienced all areas in which the board deals. I have had the anxiety of a parent, I've known the frustrations of a teacher and I have been a homeowner and taxpayer in the district for 14 years."

Concerning McFadden Elementary School, which members of PUSD

staff have recommended be closed down: "I feel before any action is taken of such magnitude, I think we should deal strictly with facts. We should find out from the community the impact that it would have on the community, the benefits of the facilities and the wishes."

"I know personally that there is a great deal of development going on there and possibly if we had our schools on a kindergarten through sixth grade basis, there wouldn't be an enrollment shortage. Shortly, with all of these apartment buildings being built in the area, there is surely going to be an oversupply of youngsters."

"I don't think anything of this magnitude should be based on opinions. After all McFadden has been a landmark in the Placentia school district for 50 years. Even an election might be in order for a thing such as this. The school should be a community service too."

"Whenever a school district's boundaries extend into other cities, they should certainly be made to feel that they're a part of our school district too. They should not be treated like half brothers or sisters."

Schoolcraft said that he had checked with county counsel and with State Supreme Court cases to make sure that his serving on the school board would not constitute a conflict of interest.

"My wife is only one of 700 plus teachers and I will be only one of five board members. In order to pass anything there must be a majority."

"I believe that the value that the district will receive by having a person with my unique qualifications on the board will far surpass any unwarranted thought of conflict of interest."

Mrs. Marty Schoolcraft is a fourth grade teacher at Orchard Drive Elementary School. Their son Bill attended PUSD schools and is a graduate of the University of California at Irvine. He is now enrolled in medical school at the University of Kansas School of Medicine, Kansas City.

Schoolcraft is a member of the Elks Lodge, a past commander of an American Legion Post, and was in the Navy for four years in the middle East.

Dr. Adamson Is Trustee Hopeful

[Continued on Page 2]

should be looked into."

Dr. Adamson believes that there are better teachers at the junior college level to teach English than are in the university. "The ones at UCI have to publish. The cream of any position in California is the junior college position. They make more money. They don't have to publish. They really do a neat job."

"Some of those people are excellent. Why aren't they using them to fill administration vacancies instead of going out and hiring unknowns."

Dr. Adamson would contract with labor unions and businesses to help underwrite the cost of courses of benefit and interest to them at the

junior colleges. Such things as auto mechanics, nursing premed, short order cooks.

"I think hobby courses should be self supporting. I don't think the taxpayer should have to pay for cradle to the grave education. There is a certain point where the individual should take over and pay his own way. There has to be some kind of selective tuition so that it isn't completely free. The taxpayers are up to their ears in taxes."

"I think I would be an excellent board member. I have the intelligence, I have the time and I have the ambition and I would never go to a board meeting that I didn't know what was going on."

Dr. Adamson, who is from a family with distant Mormon roots, is a Presbyterian. Her husband Robert is a teacher in the Gardeq Grove district and they have two grown children.

Son Gary is a graduate of California Technological Institute Pasadena and a research engineer for Getty Oil Company and daughter Kristie with a degree from Cal State Fullerton in drama is attending Rush School of Nursing in Chicago.

Dr. Adamson is a member of the American Association of University Women and has worked locally with retarded children, Rainbows, Girl Scouts and Red Cross. She was born in Salt Lake City, Utah.
